

Interprofessional Team Training

A workshop that will introduce you to interprofessional collaboration (IPC)

Event Guide

April 6, 13, 20, 27, 2017

UTHealth School of Dentistry (SOD 4310)

Houston, Texas

Introduction

Welcome to the Interprofessional Team Training workshop! This event is for students from all six UTHealth schools who are interested in learning about interprofessional methods that will enhance their healthcare education and broaden their career opportunities. Upon completion, you will be able to:

1. **Describe Inteprofessional Education (IPE) including the four domains:**
 - a. Values/Ethics for interprofessional practice
 - b. Roles and Responsibilities
 - c. Interprofessional Communication
 - d. Teams and Teamwork
2. **Describe the roles of interprofessional health care team members.**
3. **Demonstrate ethical principles in decision-making.**
4. **Utilize structured communication strategies as presented in TeamSTEPPS to analyze a case study.**
5. **Analyze a case study using the four IPE domains.**

Event Location and Parking

The Interprofessional Team Training Workshop will take place at the UTHealth School of Dentistry, in SOD 4310. Take the elevator to the fourth floor, walk straight ahead and turn left to the classroom.

Address:

UTHealth School of Dentistry
7500 Cambridge Street
Houston, TX 77054

UTHealth School of Dentistry is located at the corner of Cambridge Street and East Road in UT Research Park in the [Texas Medical Center](#).

Parking is available across the street. Please ask for Diana Tisdale in SOD 4310, and she will validate your parking ticket.

When To Arrive

Please arrive at **30 minutes early at 4:30 PM** for registration or sign-in.

On Session 1 - April 6, 2017, you must bring:

- A signed Media Consent Form (**see page 6**)
- University ID

On Sessions 2, 3, and 4, you must bring:

- University ID

Transportation

UTHEALTH SHUTTLE

An easily accessible way to the UTHealth School of Dentistry is the UTHealth Shuttle. Any UTHealth student or employee presenting a university ID may ride the UTHealth Shuttle.

Shuttle Tracker: <https://www.uth.edu/shuttle/uthealth-shuttle-tracker/>

CAR

Please use [Google Maps](#) to plan your route to the UTHealth School of Dentistry. If you are driving from another UTHealth school, please use the map on **page 7**.

METRO

Metro Bus 60 stops on Cambridge Street on the east side of the dental school, and Metro's 297 bus stops on East Road between the dental school and UT Behavioral and Biomedical Sciences Building. Both buses connect riders to the TMC Transit Center.

Pre-Learning Activity

Please go online to the IPC Team Training course on **Canvas** and watch a 9:49 minute video called [Sue Sheridan on Patient and Family Engagement](#). The video will prepare you for the TeamSTEPPS lectures on April 13th and 20th.

How to Access Canvas

1. You will need the Google Chrome or Mozilla Firefox web browser.
2. Go to <https://uth.instructure.com/courses/18137> and click the “Start Here” button.
3. Choose “Complete the Pre-Learning Activity”

Download the Canvas App

Canvas is available for Apple and Android mobile devices.

Live Polling Questions

Dr. Mark Chassay, MD will ask participants polling questions during the **April 13th** and **April 20th** lectures.

You can participate in the polls by signing in at <https://pollev.com/chassay> on your computer or mobile device.

Download the Poll Everywhere app

You can download the Poll Everywhere for your Android or Apple phone/tablet.
